PROFILE SUMMARY

Computer Science undergraduate with a strong foundation in Java, OOP, DBMS, and software development, with hands-on experience building practical applications and cloud-based solutions. Actively participated in hackathons and technical workshops, gaining exposure to real-world problem-solving and emerging technologies. Strong analytical and problem-solving abilities with a quick-learning mindset and eagerness to contribute to technology-driven engineering teams.

EDUCATION

- **CMR Engineering College** — Hyderabad, India
  Bachelor of Technology in Computer Science and Engineering | CGPA: 8.75/10 — 2023 – 2027
- **Bhavan's Sri Ramakrishna Vidyalaya** — Hyderabad, India
  CBSE(12th) | Percentage: 87.6 — 2021 – 2023
- **Delhi Public School** — Hyderabad, India
  CBSE(10th) | CGPA: 9/10 — 2020 – 2021

SKILLS

- **Programming Languages:** Java, SQL, Python
- **Core Concepts:** OOP, DBMS, OS, Software Engineering, Data Structures & Algorithms
- **Web Technologies:** HTML, CSS, React.js
- **AI & Machine Learning:** Machine Learning, Supervised & Unsupervised Learning, Neural Networks, Deep Learning, Agentic AI, LLMs, Prompt Engineering
- **Cloud & Technologies:** Google Cloud Platform, BigQuery, Cloud Storage
- **Development Tools:** Visual Studio Code, Spyder, Anaconda
- **Data & Analytics:** Pandas, NumPy, Power BI
- **Office Tools:** MS Office, Advanced Excel, VLOOKUP/HLOOKUP, Pivot Tables
- **Soft Skills:** Effective Communication, Teamwork, Quick Learner, Adaptability

PROJECTS

- **AI-Based Rainfall Forecasting over Telangana:**
  - **Technologies:** Python | Machine Learning | NetCDF | GeoPandas
  - Developing a research-based AI rainfall forecasting system using historical ERA5 meteorological datasets, applying machine learning models, data preprocessing, and spatial analysis to study rainfall patterns across Telangana and support rainfall prediction.
- **E-Commerce ELT Data Pipeline & Analytics:**
  - **Technologies:** BigQuery | SQL | Tableau
  - Developed an end-to-end e-commerce ELT pipeline using BigQuery and SQL for data cleaning, validation, transformation, and analytics, with an interactive Tableau dashboard for business insights.
- **Hospital Management System:**
  - **Technologies:** Java | MySQL | JDBC | OOP
  - Developed a Java-based application for managing patient records, appointments, and billing, using JDBC for MySQL database connectivity and applying OOP principles for modular development.

CERTIFICATIONS

- **Generative AI Leader - Google Cloud Skills:** Generative AI, ML fundamentals, Data Processing
- **Google Cloud Data Analytics - Google Cloud Skills:** SQL, ETL, BigQuery
- **Adobe Analytics Foundation - Adobe:** Digital Analytics, Conversion Analysis, Customer Insights
- **Data Analysis Job Simulation - Deloitte:** Data Analysis, Tableau, Excel
- **Statistics for Data Science - Infosys Springboard:** Statistical Analysis, Probability, Hypothesis Testing

ACHIEVEMENTS

- **Secured 2nd place in Lean Startup Idea Presentation** conducted by the College demonstrating strong business strategy.
- Participant in **Devnovate Hack with Hyderabad** held at **Microsoft**, **VJ Hackathon** conducted by **Computer Society of India** at **VNRVJIET**, **Havana'26 24hr-HackspireX** at **Gitam University.**
- **Research Paper:** Co-authored **"A Cyber-Secure and Scalable MQTT–ESP32 Framework for Society-Wide Smart Home Automation"** focusing on IoT automation, MQTT security, and deep-learning-based intrusion detection.

EXTRA CURRICULAR

- **B-Grade Kuchipudi Artist – Doordarshan Kendra,** with **15 years of training,** a **Diploma in Kuchipudi Classical Dance,** and experience performing in multiple cultural events**.**

POSITIONS OF RESPONSIBILITY

- **Class Representative:**
    - Demonstrated leadership by representing the interests of our class and maintaining coordination between students and faculty.
- **Project Mentor – Inter-School Sync Hack AI Battle:**
    - Mentored **Grade 11 and 12 students of Unicent School** throughout project development, with the student team being **selected at the national level to showcase their project**.

LANGUAGES

French, English, Hindi, Telugu, Tamil
